ANOTHER RECRUIT
IS REPORTED IN
COMPANY D DRIVE

Recruit is Dwight C. Henry; Returns on Financial Canvass, for Company D Fund, Incomplete.

By adding another recruit yesterday progress was maintained in the drive for members of Company D of the newly reorganized Tenth regiment. The recruit is Dwight C. Henry, 18 years old, of Snyder street. He has had no previous military training.

There is a promise of quite a few young men from the Snyder street district. A number were at the armory last night to secure enlistment cards and it is likely that some of these will sign up in a few days.

By the first of the week returns from the distribution of enlistment cards by Boy Scouts and the sponsor organization are expected. Membership in the company is becoming more attractive each day. There is the promise of association with other fine young men of the city, a gathering place made pleasant with various amusements, a summer vacation benefit to both youth and the nation.

Although only one report, a return of \$15, has been made by a canvassing team, it is known other funds reaching a large total are still outstanding. The total now in the hands of Treasurer Alex. Hood is \$11.11. The goal of the most securing the company fund is \$3,000. Reports will probably all be in by tomorrow as the drive will hardly be carried into next week.

When first planned it was the intention of the fund committee to do the work in two days but some committees did not cover the territory assigned to them and as a result the drive has been somewhat longer drawn out, teams in the field completing what had been left undone by the others.

We Say to You As We Say to All—

LET tone decide which phonograph you buy. Listen to different instruments, ask to have different records played. Compare The Brunswick with other phonographs.

Insist on a phonograph which plays ALL records, such as The Brunswick. Be not content with a phonograph designed for but one make of records.

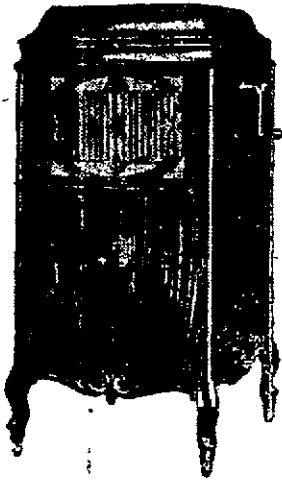

The Brunswick plays ALL records, whatever make. And plays them exactly as they should be played, with the proper diaphragm, needle, etc. And our all-wood Tone Amplifier gives them greater richness.

The new Brunswick Method of Reproduction is the most advanced and finest way of playing yet devised. All old standards are now discarded.

We will be glad to prove to you that The Brunswick is the one phonograph you want. And to offer the same way of proving that Brunswick Records bring new standards. We abide by your decision.

Why a miner should not wear a leather shoe at work

LEATHER isn't water-tight. That means cold, wet feet, often long hours of it. It sometimes means catching cold and getting sick.

Leather wears out quickly when it's water-soaked. That means you're wasting your money when you wear a pair of leather shoes at work.

A rubber shoe, as comfortable as leather, yet absolutely water-tight—that's the U.S. Bootee. Get a pair of them before you start work tomorrow.

Every pair of U. S. Bootees is backed up with extra thicknesses of pure rubber

and good strong fabric where the wear is hardest, at just those places where rubber shoes are likely to leak first.

And they've got real comfort built in—made with plenty of room at the toes, and shaped so as not to rub up and down at the heel.

Go to the store and see for yourself the wonderful U. S. Bootee, made for miners—the high with six eyelets, the low with four.

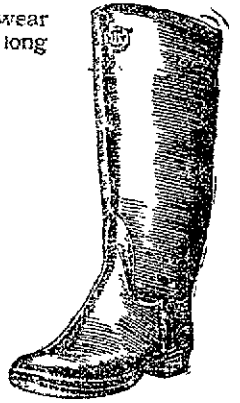

Ask for U. S. Rubber footwear—it means solid wear and long service for your money.

"U.S." Bootee—comes in two heights, 6 eyelets and 4 eyelets; all sizes, white, red and black.

SATURDAY EVENING, MAR. 27, 1920.

THE PRICE OF GASOLINE

The increase in the number of mo-
tor driven vehicles last year is es-
timated at 25 per cent. At the same
time the increase in the production of
gasoline was only 10 per cent. This
disparity in gains is one reason for the
advance in the price of gasoline equiva-
lenting to about 30 per cent above the
price during the war, and indicates
that further advances may be expect-
ed.During the war certain restrictions
were placed upon the use of gasoline
but since their removal, no effort has
apparently been made to conserve the
supply. It is being used with the same
prodigality that expenditures of mil-
lions are being made. In consequence
gasoline is contributing to the high
cost of living in about the same pro-
portion as other articles which the
public uses or consumes.The automobile is no longer classed
as a luxury except as certain people
make such use of it. In the larger
sense it has become a necessity in
modern life, as much so as gas, elec-
tricity and other utilities. It has
become a working tool of the mer-
chant, the coal dealer, the physician,
the salesman and the farmer. The family
car is an outgrowth of Sunday and
part of the owner's business equip-
ment on week days. Consequently if
the price of gasoline goes higher, or
even remains at its present level, the
increased cost is likely to be reflect-
ed in the increased cost of living—for
both its pleasure and its necessities.

WHY NOT FINISH THE JOB?

If a wrong was committed by the
Newberry organization in the sena-
torial fight in Michigan last fall, as
the courts have declared was done,
adequate punishment should follow as
the imposition of penalties indicates
will result. But to the great Ameri-
can public, with the knowledge it has
gained of how campaigns are some-
times conducted, it will be nothing
less than fairness to inquire into the
methods pursued by the Ford organ-
ization which so bitterly opposed the
election of Newberry.Governor Sleeper of Michigan has
expressed this sentiment very clearly
in a statement he made the other day
when saying:"If the Wilson administration was
sincere in its investigation of the 1918
Michigan senatorial campaign under
the corrupt practices act, it should not
stop with merely investigating the
winner, but should inquire into the
campaign conducted by the loser
as well."The adjustment of a half a wrong,
if the Supreme Court finds that such
there was, will not make a whole
right, and if the honest are true that
heralded the Newberry investigation,
namely, that the government was out
to clean up Michigan politics, the
government only did half a job. Just
because a candidate was defeated does
not mean that his campaign was con-
ducted any more legally than the can-
didate that succeeded in winning the
election.This is a challenge Henry Ford, as
leader of the Democratic party ticket
in Michigan in the 1918 election, and
Woodrow Wilson, head of the Demo-
cratic party in the nation, and de-
clared one of corruption in elections,
cannot evade without suffering the
imputation that election investiga-
tions are to be made only when and
where Democratic candidates are the
losers.The public is not so gullible as to
believe that dirty elections are the
distinguishing characteristic of a
single political party.Connellsville is being given a large
place on the new map, even
while the new plant is still in the map-
ping stage, which is but a hint of what to
expect when the production stage has
been entered upon.If some genius would contrive to as-
sistively utilize the hot air wasted
every day as it has been blown prac-
tically to do at the coke works he will
have just what he has proclaimed a
benefactor of mankind.The Bolshevik children, Germany
hatched in Russia are coming home to
roost.The spring styles in wages will net-
work in popularity among the employ-
ees of the West Penn. And all the more
to be appreciated because they come
just in time to help the families con-
tingent avail themselves of other sea-
sonal changes in styles.Nothing more delightful than a
belated effort to and from church to-
morrow morning.Of course those former holders of
the temporary Third Liberty Bonds
who traded them in for some
retail quick advance, expect now to
change their corporate certificates for the
permanent bond forms. That's the
great privilege only of those who held
into their Bonds.

RECEPTION FOR U. B. MINISTER

Happy Walk Given for Rev. George R.
Strayer and Family in Which the
Members of the Church and Minis-
ters of Others Take Part.

Special to The Courier
SCOTSDALE, Pa. March 21.—William
Clark of Iron Bridge was severely
burned about the face when the ma-
chine at which he was working in the
West Penn sub-station at that place
exploded, hurling him back against the
wall. Clark was rendered unconscious
for some time. Clark, for just a min-
ute, was able to distinguish a window
and leaped through it. His home is
just a few feet from the sub-station
and in his frantic efforts to get away
from what he supposed was a fire, af-
ter going through the window, he ran
toward his home. It was found that he
was totally blinded by the accident.
All day yesterday two physicians were
with him and his condition is con-
sidered serious.

Whisky Car Not Located.
The car inspector in the Division
yesterday made the statement
that he felt sure a report concerning
a stranded car of whisky in the yards
was a mistake as he took a whiff
from every car besides looking 'em all
over carefully. He found none, he said.

MEN!

The greatest asset you have is
your strength. You can't afford
to give out. It is a vital necessity
that you have your nervous and
muscular system in perfect order
to withstand the constant wear
and tear of your daily work.

The finest tissue builder and strength
creator is Vinol, a Cod Liver prepa-
ration (without oil) only the valu-
able medicinal properties being
combined with peptonate of iron and
other body-building and strength
creating elements. Its use will
keep you in health and strength.

DEBILITY

results from a weakened diges-
tion due to imperfect diges-
tion, lack of nutrition or over-
work. Vinol strengthens the
digestive organs, creates a
healthy appetite and makes
new blood. You lose that fa-
tigue, weakness and run down
feeling when you take Vinol.

BRAIN FAG

won't attack you if you repair
used-up nerve force with
Vinol. Vinol puts strength
into your system—it gives you
vitality and energy—it nour-
ishes your brain and body and
keeps you in a perfect state
of health—it quickly re-es-
tablishes strength after any
severe illness.

NERVOUSNESS

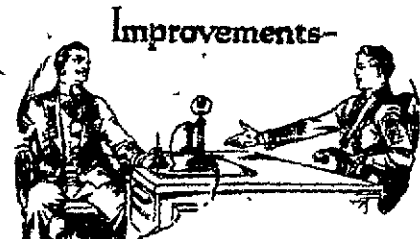

is a complaint that can be
readily overcome by using
Vinol. It repairs broken down
nerve tissue and builds strong,
healthy nerves that enable
you to withstand the worries
and annoyances unavoidable
in business.

DYSPEPSIA

is due to derangement of the
digestive organs and their in-
ability to assimilate nourish-
ment. Vinol strengthens the
overtaxed and weakened di-
gestive nerves and helps your
stomach do its work.

HIGH SCHOOL TRIUMPHS; ELIZABETH IS DEFEATED

In the basketball game last night at the high school gymnasium, excitement ruled supreme in the final minutes of the game in which C. H. S. triumphed over the fast Elizabeth team by the final tally of 33-23.

It was any team's game when the score was tied twice in the last minutes. The opening half started with close defensive tactics by both teams. In this period forwards on both teams had difficulty in getting past the guards, the half ending with a 12-12 tally.

In the last quarter of the game, Ned proved a hero. Ned located the basket with only several minutes to play, and Elizabeth again tied at 23-23, in which again Ned punctured the basket to take the lead. He also scored the last goal. The high score attained was through foul goals, only 33 field goals being made between both teams.

In defeating Elizabeth the Connellsville high quarter closes its season with a triumph that will live long. The Elizabethians are considered to rate high among the independent high school teams of Western Pennsylvania and have an almost perfect record for the past season. The teams fought every inch of the way three never being a time when Connellsville never losing the lead, was more than three points ahead with the exception of the score at the close of the game when Ned's long goal made it a four point margin. Elizabeth tied with a local's number of times but never got into the lead. The summary:

C. H. S. Goldstrom 2, Bufano 1, Nid 2, Willard 1, F. 1, Hume 1, Lauder 1, C. 1, Daney 1, Thompson 1, G. 1, Prechis 1, Smiley 1.

Field goals—Goldstrom 2, Willard 2, Lauder 3, Bufano 1, Hume 2, Nid 2.

Foul goals—Lauder 15, out of 31.

Hume 21, out of 24.

Wall, referee; Clark, scorer; Smith, Usher.

In tonight's game between C. H. S. and the West Newton High those that will attend the game will see for the last time in a C. H. S. basketball uniform, Bufano, Jones, Melnick, Menes and Canner. The boys are seniors and will terminate playing under C. H. S. colors in the last game of the season.

BALL CLUB DOWN TO BUSINESS; "TONY" RENDINE OFFERS PRIZE

The selection of officials to handle the affairs of the Connellsville baseball club has met with the approval of the fans and others interested in the welfare of the organization. The character of the men behind the team and their well-known capabilities in other lines, will serve to inspire confidence in the proposition.

The drive for funds to equip the team with the necessary paraphernalia, making Fayette Field over into a first class diamond will now begin in earnest. Evidently the public was awaiting the outcome of the election before showing how deeply it is interested. Already the fans are coming "to bat" with support in various ways. "Tony" Rendine is the first to "step to the plate" with a prize for the player making the first home run on the home grounds. Others will not doubt follow suit.

A meeting of the officials of the club will be held Tuesday evening next at the club's headquarters in the Second National Bank building, at which time arrangements will be completed for the purchase of uniforms for the players and getting work started on Fayette Field.

The players who have been mentioned as prospective members of the team are requested to communicate with the club's secretary at once, regarding their intentions with respect to joining the club or playing elsewhere. It is further requested of the players who will sport the Connellsville uniform that they follow the Sport column of The Courier each day to keep informed as to meetings.

MANY ANXIOUS HOURS OF WORRY ABOUT THAT CROUPY CHILD, AVOIDED FOR 90 CENTS.

The Connellsville Drug Co. and Broadway Drug Co., Scottsdale, Pa., druggists, sell a preparation called SIMCO SALVE that will afford more relief in one night for croup, cold on the lungs, etc., than all the old fashioned internal remedies and syrups you have ever tried. It is an active antiseptic salve that reaches both the outside and the inside of the lungs, that is why it is so unusually effective. It is the new and simple salve to kill the germ and at the same time is soothing, healing and refreshing to the fevered child's throat. The same salve that is penetrating from without by application to the chest and throat, is reaching the germ and withstanding at the same time and without the use of potent poisons or expensive other than the little paid for the salve, only 90c, and besides the Connellsville Drug Co. and Broadway Drug Co., Scottsdale, sell it on the "money-back if it fails" plan.

SIMCO SALVE does "what" home ability can never do; what remedy for these ailments, can compare with SIMCO SALVE, which cures the inside of the lungs.

The same SIMCO SALVE applied to mediocrity, untimeliness of strength and strength and accuracy in compound; it is used as an abbreviation of the name: Simpson Co. It is used successfully as a liniment for "sprains," sore muscles, rheumatism, neuralgia, lame back or other similar affections.

Go down to the Connellsville Drug Co. and Broadway Drug Co., Scottsdale, Pa., and get a jar today and try it and then tell us which is the best ointment on the market today. Sold at 50c, 60c and \$1.00 per jar. Jar of druggists does not keep it. Order from the New York, N. Y. Drug Co., Wholesale Druggists, 100 Broadway, New York, N. Y. Tel. 444.

Casey Wins Game. The Casey club last night defeated a team of local players at the parish school hall 10-2. The team represented was a hastily assembled organization for the occasion. Captain Crowley being the only one of the quintet who will start the game with Henry's collection at the high school Monday. William Lyon was the other regular on the first team.

The score: PRAYS: W. Lyon 1, Pritchard 1, Driscoll 1, Robinson 1, Crowley 1, J. White 1, T. Lyon 1, Cunningham 1, W. Driscoll 1, C. White 1.

Substitutions—Wishart for J. Driscoll, Harry for Cunningham. Field goals—Pritchard 7, J. White 6, Robinson 5, Henry 2, C. White, W. Lyon 1, Wishart 3, Crowley 1, Foul goals—Robinson 2 out of 6, W. Lyon, goal of 12, Referee—Buttermore. Timekeepers—Darr and Rodgers.

Mason's in Field With Team. The baseball team which hit the

box in a recent issue, that the Elks were anticipating signing a boxing show in the near future, has aroused considerable interest. Favorable comments have been expressed by the local fans. If the Elks should go through with the project the show should prove to be a success, in view of the renewed interest being shown in all sports.

Billy Carter received an offer to box a semi-final bout at Detroit, which he refused to consider, explaining that he will not box unless he is offered the star bout.

Although Georges Carpentier, is being billed (?) and billed by all classes in New York, we'll wager, if the French champion came here, he wouldn't get a tumble.

ASTHMA WOULDN'T LET HIM LIE DOWN

Hasn't Had a Sign of Trouble Now for Over Nine Months.

A year ago I had asthma so bad my friends thought I would never get over it. I had doctored for a long time without results. I had not been in bed for three weeks, could not even sit up straight in a chair. Then I heard of Milks Emulsion and started using it. It was only two days later that I could go to bed and sleep soundly. After taking eight bottles (\$4 worth) I found myself completely cured. It is over nine months now since I quit taking Milks Emulsion and I haven't had a symptom of asthma since. Geo. W. Baker, R. F. D. 1, Latrobe, Pa.

Why shouldn't Milks Emulsion help you? It has worked wonders for others. It is a food for the lungs. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere—Adv.

Mason's town region so hard last year has broken out already in that vicinity and the fans there are assured a strong hint to "represent" them on the diamond. Already the signature of Gray, well known pitcher for Youngstown P. O. M. league team, has been secured to a 1932 contract. Manager J. Frank Smith is angling for several other minor league stars to strengthen last year's stellar aggregation.

Included in the games already scheduled are those with the strong P. J. Sullivan team of Pittsburgh and the Pittsburgh Collegians. First class teams in Western Pennsylvania are invited to write or phone Manager J. Frank Smith, Masontown. If they desire a date on the Masontown schedule.

Boxing Tid Bits.

The statement in a recent issue, that the Elks were anticipating signing a boxing show in the near future, has aroused considerable interest. Favorable comments have been expressed by the local fans. If the Elks should go through with the project the show should prove to be a success, in view of the renewed interest being shown in all sports.

Billy Carter received an offer to box a semi-final bout at Detroit, which he refused to consider, explaining that he will not box unless he is offered the star bout.

Although Georges Carpentier, is being billed (?) and billed by all classes in New York, we'll wager, if the French champion came here, he wouldn't get a tumble.

But Even Mrs. F. M. Sears' Rheumatism Quickly Surrendered to Nerv-Worth.

The benefits derived by Nerv-Worth users are wonderful. Read what this thankful woman said:

"Troupe Drug Co. For two years I have been in a very serious nervous condition. It affected my knees and I had other rheumatic pains. My knees were swollen and I was weak and all run down. Stomach and digestion in bad shape.

"I purchased a bottle of Nerv-Worth and took it regularly and will say it proved marvelous to me, as my nervousness is gone. No more rheumatic pains and the swelling has disappeared. Stomach and digestion are in fine condition. I have tried the doctors and all the remedies I could learn of, but Nerv-Worth was the only one that helped me, and it did its work promptly. I cheerfully recommend it."

Bear in mind that Chamberlain's Cough Remedy has cured others, lots of them, why not you? Read what Mrs. J. L. Jones, New Kensington, Pa., says of this remedy:

"About a year ago I contracted a severe cold that settled on my lungs and caused a terrible dry hacking cough that alarmed as well as annoyed me. Upon the advice of a druggist I bought a bottle of Chamberlain's Cough Remedy and it relieved me almost immediately." Adv.

Was my great-uncle Rufus to blame? The suspicion of him rose in my mind and would not be downed. I recalled the unusual pretext on which he had sent for me after having paid no attention to my existence for nearly a year. I recalled his curious warning and that of his aged wife. I remembered that they had insisted on leaving the jewels behind against my urgings, and that they had been insistent on my having the combination of the safe. Could it be possible that they also had some grudge against the Bradfords, their neighbors, and in some way had got hold of Claire Bradford's secret?

"I think you said," I asked Miss Bradford, "that your family and the Gastons were not acquainted in any way."

"No," she replied, "we don't know them at all. Why do you ask that?"

"I was wondering if it could be possible that my great-uncle Rufus could have had any hand in all this. He's a queer, secretive old chap."

"It's probable that he and my father might have known each other. Both were in business here in the city for many years. I never remember, though, of hearing Dad speak of him—wait, yes, I did once."

"When was that?"

"It must have been six or eight years ago. There was something in the papers about Mr. Gaston retiring from business."

"What was it he said?" I asked eagerly, wondering if some old feud between the two men might not give us a clue to unravel the web of mystery.

"As nearly as I can recall his words were, 'I see that old pirate Gaston has retired with his ill-gotten gains.'"

"To whom was he talking?"

"I don't remember that, probably some man who was visiting at the house. Dad always used to have a lot of men about."

"Did he say anything else?"

"That's all I remember, but I don't think the Gastons could have anything to do with it. This threatening my sister is more the sort of thing a discharged servant would do."

"Yes," I admitted, "but had the discharged servant. Yours have been with you for years."

"Oh, what are we going to do?" she cried in desperation. "If I don't get those papers back, we'll all be ruined. They'll give them to my sister's fiancé. Her engagement will be broken. My mother will die of disgrace and shame."

"Don't be discouraged," I cried, trying to inspire in her a confidence I was far from feeling myself. "This is only Sunday. We have until Wednesday evening. I'll find some way of trapping those rascals and making them surrender those papers. Leave it to me."

In spite of my reassuring words, distress was still written on her countenance. As I debated how best to comfort her, she glanced at her wrist watch and exclaimed:

"I must be going. They'll be alarmed about me if I stay longer."

"When am I to see you again?"

"I don't know. That's hard to arrange. My sister and I are so much together."

"Can't I telephone you?"

"No, that wouldn't do at all. Mother and Claire would both want to know all about it and besides—"

"Besides what?"

"I don't trust that girl at the switchboard. I think she listens to everything that is said."

"They are a prying lot," I admitted, "including Mr. Wick, the superintendent."

"I don't like him a bit."

"Nor I, but we must communicate with each other somehow. If you find out anything more you must let me know at once. If I learn anything, I'll let you know, and I'm going to discover a lot."

"There's always our windows," she suggested, "they are close together. I can signal you when I'm alone, and we can talk."

"I'll be there in my room every evening from ten o'clock on," I said, "waiting to hear from you. I'll put a handkerchief on the sill when I'm there."

"And I'll do the same."

Having reached this understanding, I walked with her to the park entrance within sight of the house. All the way we had been talking over the puzzling circumstances of the anonymous notes and of the strange way in which they had been found on the floor. Miss Bradford had spoken again of the whispers she had heard.

"The voices were vague—just like a ghost's might be," she said.

"Yes," I admitted, "that's what they sounded like. But there aren't any ghosts. If those whispers were real, some human being was making them. I'm going to find out who it was, and when we've learned that, we'll have learned a lot about—"

I hesitated.

"About whom?" she questioned.

"I don't know yet," I answered.

I was wondering about my great-uncle Rufus.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

FACTS CONCERNING \$60,000 DRIVE OF BAPTISTS OF CITY ON SUNDAY AFTERNOON

1—\$60,000 is the budget unanimously adopted by the church to cover the entire financial needs of the church and every organization in it for four years, beginning Easter, April 4, 1930.

2—No person who subscribes to this fund will be asked to give anything to the church or any organization in it for dues, gifts, assessments, etc., in addition to said subscription, for four years.

3—A single envelope, not duplex, will be given each subscriber for each Sunday, beginning April 4, 1930.

4—Every member of the church or Sunday school or other organization or a family connected with this church if not a member of another church, will have the privilege of supporting this work according to the single envelope plan.

5—Subscribers will place the envelopes in the Sunday school offering if members of the school. The school will keep a record of the class offerings, as at present while the individual envelopes and money still in them will be turned over to the church treasurer. The financial secretary of the church will keep a record of the individual payments in every case and send a quarterly statement to each subscriber. Visitors in the Sunday school will use envelopes furnished for them. Visitors and friends in the congregation will place their offerings on the plates as at present.

6—The basis of giving for a wage-earner whose income is \$30 a week or under, is the setting aside of the first 10 for making a New World.

7—The whole separated portion will in many cases be placed in the church envelope. The pastor will put his whole 10 in the envelope and care for additional benevolences outside of this fund.

8—The budget adopted is entirely too small to do what evidently needs to be done. The church property

needs more than \$907 a year for one thing. It is expected that subscribers will consider the highest possible figure suggested in list given below as their part of this work before deciding the amount they will contribute. If the \$60,000 is covered by those who will give \$2 a week and more, then those who cannot do as well as \$2 because their income is not more than \$15 a week or so, will have the joy of knowing they are doing still more advanced work. The plan contemplates the following:

Four subscribers at \$1,040 a year, four subscribers at \$620, six subscribers at \$312, eight subscribers at \$208, 10 subscribers at \$155, 50 subscribers at \$104.

9—The success of our efforts will bring thousands of other dollars into the great \$100,000,000 New World Movement fund of the Northern Baptist convention and the great \$1,320,000,000 fund of the International church World Movement.

10—The subscription is for four years. We Baptists are doing nearly what the Methodists and others are doing.

11—Some subscribers will want to pay in advance. It is expected that enough cash will be received on subscriptions Easter Sunday to pay our missionary quota of \$2,000 for the quarter in advance.

12—Eleven teams will lunch at the church Sunday, March 28. At 2 P. M. a prayer meeting will be held by them. At that time the church is called to pray, each family in its own home for 10 minutes. Then the subscription cards will be made ready for the teams when they call from 2 to 4.

13—A subscription of \$60,000 by 4 o'clock Sunday, March 28, will show that this church is "In Business for a New World."

At the Theatres

THE SOISSON.

"THE GUMPS"—A tuneful musical comedy, will be the attraction Tuesday afternoon and evening at this theatre. There are many songs in which the chorus join that providing lifting strains of considerable harm. "The Spooks" and "Sunshine Girls," dance numbers, and the comic duets entitled "A Model Young Man" and "Nothing on Tonight" are worthy of mention. Mabelle Richards and Grace McCoy lead the prettily gowned young women, whose eloquent maneuvers, well calculated

to exhibit themselves as well as the music and songs they serve.

Some of the beautiful settings, artfully decorated with back grounds of seashore places, are said to display scenicallly as well as the rest of the presentation, an intelligent intention carried to a satisfactory conclusion.

THE PARANOUT.

"THE STREET CALLED STRAIGHT"—In which Basil King's clerical experience is seen, is a big attraction today. Though a Canadian by birth—Mr. King was born on an island in the St. Lawrence—America is his country by adoption. And because of his intense love for American ideals the author has embodied in each of his

novels one or more characters to represent the finest achievements of American civilization. Perhaps in Mr. King's view of life, the ability to sacrifice material comfort for the furtherance of an ideal is the end of all action, the point of view for which we should all strive.

This, at least is the underlying theme that he has emphasized in "The Street Called Straight."

THE ARCADE.

"HAUK'S SUNSHINE REVUE"—This company of 18 musical comedy artists will open a two weeks' engagement at the Arcade Monday next and the show-loving people of Connelleville are assured of a real treat. This

is the first time in the history of Connelleville that a musical comedy production has been played here two weeks and it promises to be by far the biggest and best musical comedy company that has played this city this year. This company has just completed a series of four week engagements in Fort Wayne, Rochester, Cleveland, Buffalo and Youngstown.

The show is brimming over with real talent, such as Helen Kennedy, the most clever prima donna in vaudeville; Tom Collins, that mirth provoking comedian, and Claude Reed and Cecile Paquin, and company. But the two big features of the aggregation are the Sunshine beauty chorus, the best appearing and most elaborately gowned chorus ever seen in miniature musical comedy, and the musical Kings, the string quartet par excellence. Another big feature of the show is that the price is within reason and within the reach of all.

THE SOISSON.

"THE POINTING FINGER"—In which Mary McLaren, the beautiful Universal star, is seen in the role of Mary Murphy, the oldest inmate of an asylum, is being presented today. Mary's poor little heart, years for line, is a bit finer than the checkered calico of the institution. In cleaning the matron's room she is fascinated by the gaudy clothes of the woman helper. His nephew discovers her deception, and a pretty romance develops.

That afternoon a dishonest official ops. When things look brightest for of the institution leaves a sum of Mary. The shadow of the asylum robbery in the matron's care, intending to cross her path and she is accused of the theft.

The middle of the night he steals the money and perceives Mary slipping away from the institution with the matron's new clothes. He knows the girl's escape, knowing he can fasten the robbery of the money on the innocent wait.

Mary arrives in town and after many trials obtains a position as assistant to an eccentric old man, whose hobby is collecting bugs. To obtain this job, however, she is compelled to disguise her good looks, as the old fellow insists on a plain, middle-aged helper. His nephew discovers her deception, and a pretty romance develops.
